

## 5.4 Alumni Engagement

### 5.4.1 There is a registered Alumni Association that contributes significantly to The development of the institution through financial and/or other support services

#### Response:

The Alumni Association of the Institute was formed in the year 2010-11 and has been registered with The Registrar of Societies with the Name “R.L.J.I.T Alumni Association”. Our institution guided by the core value of “family culture” strongly believes Alumni as an integral part of our family for present achievements and future hope. This strong conviction has encouraged the institution to develop lifelong commitment through continuous engagement with proud alumni of Engineering spread across the globe, established well in the chosen profession with their global competency, making a positive impact as brand ambassadors of the alma mater.

The main aim of the association was to bring the former students of our institution in one roof, by leveraging the latest technological developments, to share their experiences, knowledge and talents amongst its members and students for fellowship and for advancement of knowledge.
